

# ELECTRIC DRAGS *continued*

Revell also awarded eight special trophies to owners of the Best-Looking car, Best Construction, Farthest Distance Mailed, Low ET, Top Speed, Little, Middle and Top Eliminators, and these eight winners got "Outlaw" and "Challenger I" model kits, too.

So the first annual running of the Championship Electric Drags got off to a wonderful start. After the dust settled, 216 cars had been entered and run through, including 40 from 25 different states. It was a great show of sportsmanship and cooperation—and one ROD & CUSTOM hopes it can repeat on an even grander scale next year. ☆

Dale Bridge's '40 lost out in eliminations, but set low ET and top speed in its class.

(ABOVE) Two entries of Keith Ward, Villa Park, Ill., won their classes, set records. Accepting trophy for Keith is Carl Warden.

Bob Braverman accepts Engineering trophy from Don Emmons. Bob won this award for his modified roadster and DE dragster.

Mr. Top Eliminator of meet, Warren Stone, takes loot from Editor Bill Neumann. Warren had cars in many classes, worked hard.
